Aim

Primary Drivers

Secondary Drivers

To improve the safety and outcomes of maternal and neonatal care by reducing unwarranted variation and provide a high quality healthcare experience for all women, babies and families across maternity and neonatal care settings in England

Reduce the rate of stillbirths, neonatal death and brain injuries occurring during or soon after birth by 20% by 2020

Improve the proportion of smoke free pregnancies

Improve the optimisation and stabilisation of the very preterm infant

Improve the detection and management of diabetes in pregnancy

Improve the detection and management of neonatal hypoglycaemia

Improve the early recognition and management of deterioration during labour & early post partum period

Creating the conditions for a culture of safety and continuous improvement

Develop safe and highly reliable systems, processes and pathways of care

Improve the experience of mothers, families and staff

Learn from excellence and harm

Improving the quality and safety of care through Clinical Excellence
